# About The Company

Presently we have started our operations in two LOB's, B2B & B2C. Within a very short time from our date of incorporation we have been able to attract a diverse clientele base in both e-commerce and the cargo domain and servicing them with utmost delight. This, as a result of our aggressive and innovative business development strategies. Simultaneously, we have set up a standard infrastructure including physical infra, IT infra as well as a warehouse facility in the aforesaid premise. We are adequately staffed for our current operations and our people are well trained. In the process, we have provided employment to local youths of Assam
